

explorer®

Always New

80 iPerformance

A great choice for everyday printing
This high performance paper has been specially developed to produce high quality documents. Maximize the impact of your message with the extra whiteness and unique shade of Explorer 80 g/m², that guarantees the best quality in everyday documents. Ideal for everyday documents, notes, copies, faxes and memos.

90 iQuality

The ideal solution to add value to your communication
When the goal is to produce colour documents with impact on the reader, the Explorer 90 g/m² will exceed expectations. Delivering a superior sensation of smoothness in all your documents, it allows demanding applications such as a double side use and strong colour usage. Ideal for manuals, handbooks and invoices.

100 iDefinition

Takes you to a superior level of efficiency in the printing experience
Best suitable for documents where the unique shade colour contrast and precise definition are a must have. Due to the superior grammage, the opacity and increased thickness prevent print show through and any sheet distortion. The results is a better printing definition with higher precision and accuracy in images and graphics. Ideal for reports and presentations.

110 iColour

The Perfect Choice
For those who want the best paper to obtain the best results, even in the most challenging applications like full colour documents, Explorer 110 g/m² is the right choice. This premium paper was specially developed to exceed all requirements in printing quality and it is the best guarantee you can have that everything will be excellent in your demanding colour documents. Ideal for proposals, newsletters, brochures and catalogues.

80 iCare

Explorer 80 g/m² with 30% recycled fibres minimum of 10% post-consumer waste
For those who want a paper with recycled content without compromising the printing results, even in the challenging applications like colour documents, Explorer iCare is the answer once it was especially developed to exceed all requirements in printing quality. Ideal for everyday documents, notes, copies, faxes and memos.

75 iLight

Lighter weight, great results!
Explorer iLight 75 g/m² ensures excellent printing quality and runnability in all printers and copiers and is comparable in quality to the 80 g/m² premium office papers. Being 5 grammes lighter, it requires fewer raw materials to produce the same number of sheets. Ideal for your daily print jobs such as drafts, emails, internet search results. Also ideal for high volume print runs.
